**Todd** is a full time professional psychic. He now works fully from a hard wired and aligned Higher Self system. This Being the center point of direct KNOWING enables him to bypass the old medium and general vibration systems that most psychics work from.

Todd also created vibrational energy discs over seven years ago. He calls this work Living Light Alchemy Designs. These energy discs transcend space and time by funneling (through the specific pattern of each design) energy from higher "Unified" realms into our time.
